

Quadro

A modular and reconfigurable architectural interior system for planning, designing, organizing and building healthcare spaces.

Quadro consists of a framed welded metal structure called the **e-frame** that is attached to the wall and a wide range of **e-tiles**, **e-cabinets** and accessories that are attached to the e-frame.

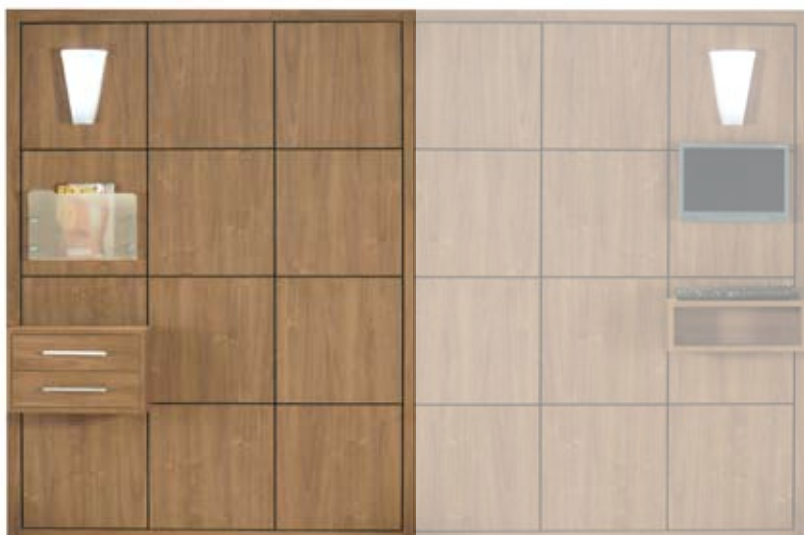

A wide range of **e-files**, **e-cabinets** and accessories attach to the e-frame.

Quadro consists of a framed welded metal structure called the **e-frame** that is attached to the wall.

The e-frame comes in two standard sizes, 58" x 77" and 77" x 77", as well as custom sizes. Two or more e-frames may be joined to create wider frames.
